

### MEMBERSHIP

Membership is open to all who have relevant alpine mountaineering experience.

#### Proposers and Seconders

1. The proposer and seconder of every candidate for Full Membership shall be a Full Member of the Alpine Club (AC). The proposer shall have personal knowledge of the candidate. The seconder may be the Chair of the Applications Sub-Committee. If the candidate does not know a proposer who is a full member, the Chair of the Applications Sub-Committee may propose the candidate after making appropriate enquiries; in which case the seconder of the candidate shall be another member of the Applications Sub-Committee. The Committee shall have power to dispense with this requirement in the case of a candidate who is ordinarily resident outside the United Kingdom.
2. The proposer of every candidate for Aspirant Membership or Associateship shall be a Full Member of the Alpine Club (AC), or an elected officer of a club in full membership of the British Mountaineering Council, the Mountaineering Council of Scotland, or the Mountaineering Council of Ireland, or any member of the British Association of Mountain Guides, who has personal knowledge of him or her.
3. Full Members wishing to transfer to Senior Associateship are not required to have a proposer.

#### Qualifications

4. No candidate may be elected to Membership of the Alpine Club until he or she is 18 years of age.
5. A candidate for Full Membership shall have achieved a high level of proficiency and self-reliance, and have demonstrated a commitment to alpine climbing. Typically, they have climbed approximately 20 substantive peaks or routes at an average grade of PD or above in the Alps, or in other ranges or wilderness areas, over at least three seasons. Hard alpine routes and serious climbs in the greater ranges will carry more weight than snow ascents. Ski mountaineering ascents are taken into account, as are contributions to mountain literature, science and art.
6. Candidates for Aspirant Membership shall have some alpine mountaineering experience, including roped glacier travel and mixed snow and rock climbing to PD grade. Aspirants should have an enthusiasm for the mountains making it reasonably likely that they will qualify for Full Membership in due course.
7. Candidates for Associateship should possess an interest in the mountains and the objectives of the Alpine Club, and wish to benefit from its activities. They will have UK summer and winter mountaineering experience and be wanting to take this to alpine level. In addition or alternatively, their interest can be focussed on mountaineering history, literature, art, equipment or science.

#### Forms of Application

8. Separate forms are provided for Full Membership, Aspirant Membership, promotion from Aspirant to Full Membership and Associateship.
9. Every candidate for Membership and Associateship should apply on a form approved by the Committee except for Full members transferring to Senior Associateship, who are not required to complete an application form.
10. All forms shall provide for the name, age, address, nationality and occupation of the candidate, and for the name of any other mountaineering club of which the candidate is a member.
11. Forms for Full and Aspirant membership shall list a candidate's expeditions and climbs, stating in each case the month and year, whether a camp or bivouac was involved, whether it was conducted partly or wholly on ski, and whether a guide accompanied the party. An expectation of Full membership is personal alpine mountaineering competence.

12. Forms for Associateship shall provide information demonstrating an interest and experience in the alpine environment and/or mountaineering activities, history, literature, art, equipment or science; and a wish to benefit from, or contribute to, the Club's activities.
13. Forms shall be signed by the candidate.
14. The proposer shall write to the Club intimating the extent and duration of his or her personal knowledge of the candidate, and the proposer's reason for considering the candidate technically and otherwise suitable for membership of the Club. The letter shall be signed by the proposer. The Applications Secretary may act as seconder for applications for Full membership.

#### Submission of Applications and their consideration

15. The procedure to be followed shall be as follows:
  - (a) the Applications Sub-Committee shall consider the application and decide whether to refuse it or accept it for consideration for election.
  - (b) the Committee of the AC shall then consider whether to elect the candidate or reject or defer his or her application.
  - (c) the Committee shall, before proceeding to the election of any candidate, take into consideration any communication received from any member concerning his or her application, and any such communication shall be treated as confidential.
  - (d) The Committee shall periodically review the proportion of Full Members/Aspirant Members/Associates of the Club.

#### Promotion of Aspirants to Full Membership

16. When an Aspirant Member considers that he or she has attained the competence and experience required he or she should apply for Full Membership on the relevant form. The election procedure and regulations 11, 13, 14 and 15 shall thereafter be followed.

#### Election of Associates to Aspirant or Full Membership

17. If an Associate considers that he or she has attained the experience required for Aspirant Membership, or the competence and experience required for Full Membership, he or she may apply for Membership on the relevant form. The election procedure and regulations 11, 13, 14, and 15 shall thereafter be followed.

#### Transfer of Full Members to Senior Associateship

18. Full members aged over 85 at 1st January, who are no longer active in the mountains and may be considering resigning their membership, may apply for Senior Associateship to retain a link with the Club.

## ALPINE CLUB LIBRARY

### LIBRARY REGULATIONS

1. The Library is open 10am to 5pm Tuesdays and Wednesdays to members and the public; visits can also be made by appointment on many Thursdays. In addition it is open to AC and ACG Members up to 7pm on London lecture evenings. If travelling from afar, please telephone beforehand to check opening times.
2. Members of the Alpine Club and Alpine Climbing Group, members of the Association of British Members of the Swiss Alpine Club and Fellows of the Royal Geographical Society are entitled to use the Library free of charge. (AC and ACG members enjoy reciprocity at the RGS Library). Non-members may use the Library but are charged a daily fee.
3. Members of the AC and ACG are entitled to borrow up to five books at a time for up to four weeks, with the permission of the Librarian. These must be duly recorded in accordance with instructions posted in the Library. They may be borrowed by post, within the UK only, on payment of postage. Borrowers are responsible for return of books undamaged. In the event of loss or damage, the borrower may be required to pay compensation to the Library. Non-members may not borrow books.
4. Archival material and rare or valuable books are housed separately, and may only be consulted by appointment. They may not be borrowed, nor may certain other items such as unduplicated guidebooks or maps.
5. All visitors are required to enter their names in the Visitors Book, plus addresses if they are not AC or ACG members.
6. No rucksack, briefcase, item of luggage or other container may be taken into the Library without the express permission of the Librarian. No food or drinks may be taken into the Library. Smoking is forbidden.
7. The Librarian will assist users to identify material for study and will provide a photocopying service, but cannot undertake extended research. To assist those unable to visit the Library, the Librarian will undertake strictly limited research and photocopying, provided full details of the requirement are submitted in writing. Telephone requests for such services cannot be accepted.
