

Preliminary announcement of a very special evening..

..The Alpine Club's Open Mike Night, 26th October

Amateur and 'professional' performers alike are cordially invited..

Light-hearted or more serious renditions

Solo or sing along Words or music or both

Length of each 'slot' will naturally depend on numbers, but a richly varied program is anticipated drawn from the Club's 'deep seam' of talent..

The only gentle stipulation is that material has a mountaineering and exploration connection..
